As I am reading over the proposal outline, I wanted to clarify if I am supposed to be suggesting a location for the entertainment as well as what the entertainment would be? Or are you just wanting the proposal to include what the entertainment would be for each season? **You do not need to suggest a location for the entertainment. It could be one or multiple locations in downtown. The RFP is designed to compare quotes for 1 generic location only. Proposals may be specific for 1 season (if a specific entertainment offering is geared toward a specific season) only and/or include specifics for multiple seasons. Either is acceptable.**

The RFP references existing brand names for each seasonal theme. Can you share those details with us? **Names of existing events may change as part of a concurrent effort to examine and rebrand events. The intention is to make the series downtown wide and not exclusive to a single venue in downtown.**
